Proudest Accomplishment Since Graduation: That I am still married to my high school sweetheart. We just had our 39th wedding anniversary.

Hobbies & Interests: Boating, Tennis, Reading, Scuba Diving

Fondest Memory from High School: I had a lot of good memories with my friends – particularly Diane Harrison and Susan Walker. I still can't believe that Susan is no longer with us.

Who all have you kept in contact with? Diane Harrison and Susan Bragg. I'm afraid that I haven't been very good at keeping in touch. We moved to Jamaica from Arkansas and then from Jamaica to Iowa. We lived there for 20 years and then moved to Marco Island, Florida. It is beautiful here and reminds us of Jamaica but we are still in the United States.

Who are you hoping will make it to the reunion? I'm sorry that I won't be able to come to the reunion. I just flew to Arkansas June 22nd and brought my grandchildren home with me for a few weeks. If things change at the last minute I'll let you know but it would be nice to see a picture of the group on the website after the reunion.

Describe yourself in TWO words: Happy & Content

Special Notes or Thoughts you would like to share: It really saddened me to see our fellow classmates that are no longer with us. As I looked at the list I could remember each of them at school whether it be in one of my classes or at an activity. Even though I wasn't close friends with all of them, at some time during our school years they touched my life – even if it was just briefly. Thank you to all of you that took the time to put this reunion together and the beautiful website. It was really fun going through the yearbook and refreshing my memory – which isn't as good as it use to be.
