Proudest Accomplishment Since Graduation: Nothing has made me prouder than my kids and grandkids; they're grrrrrrreat! Of course, I didn't have to work too hard to get my kids, it was pretty much a shot in the dark!!!!
Ooooh, can I say that?

Hobbies & Interests: Metal detecting/ treasure hunting; swimming; running or walking; anything outdoors and not involving a white coat with sleeves that tie in the back.

Fondest Memory from High School: goofing around with friends(the teachers weren't too happy with it during class, though)

Who all have you kept in contact with? pretty much no one (much to my regret after seeing the memorial page)

Who are you hoping will make it to the reunion? Pretty much everyone, more than anyone else.

Describe yourself in TWO words: totally demented (there are more of us in this head than there is room for, and some of us don't get along, ha! Pipe down you guys, I'm trying to type)

Special Notes or Thoughts you would like to share: If you remember nothing else, this one thought will get you through life: "Wherever you go, there

you are!" and "Just because I look dumb, that don't mean I'm not!"

See you all at the reunion!!!!!!!!!!!!
