Proudest Accomplishment Since Graduation: From an individual personal accomplishment, my extended education. B.A. English Major, B. S. Business – Accounting Major –Computer Science Minor, Masters – Banking & Finance. I never made very good grades in school and was told I wasn't college material by our counselors. I didn't pay attention to the counselors, but paid attention to my three favorite, most encouraging teachers, Mrs. Sturgeon, Mrs. Kelley, and Mrs. Martin. Of course, I'd be remiss to not say, my children!

Hobbies & Interests: Gardening, skiing (water & snow), golf

Fondest Memory from High School: There are so many to choose from. Pepsteppers – going to camp, Kathy T. & I were roommates & our luggage was stolen.

Who all have you kept in contact with? No one really. I moved away to go to school, came back, worked a while, moved to California, came back, and went back to school, moved away again. I recently started communicating with Kathy McAdoo via e-mail and that has been fun! I'm looking forward to reconnecting with people.

Who are you hoping will make it to the reunion? There are so many people I'd love to see. This is not an all inclusive list, Suzy Brisban, Bridgett Matthews, Kathy Tedford, Chris Harrison, Fred Rains, Mickey McWilliams, Eddie Jones and the list goes on and on and on – I named some that I didn't see @ the last reunion.

Describe yourself in TWO words: Optimistic, Fun, & a good friend. Yes, that's more than two words. If you look at my report cards, you will see that it has been my mission in life to fill every void of silence.

Special Notes or Thoughts you would like to share: I was almost a part of the memorial section. I'm happy to say that by the Grace of God and a wonderful medical team, I'm alive & well in river city!
